Abbreviations of Publishers Names

Abbreviations of publishers names will be found in the Publishers Directory at the end of the Index This directory is revised with each number of the Index and the latest issue should be consulted for addresses

Names Used as Headings

Entries are made preferably under the author s real name but under the pseudonym when the real name is not known or rarely used under names of editors or compilations under names of countries states or cities which are treated as authors of their publications and of law reports under names of societies or conventions as authors of their transactions journals reports and collections under names of churches as authors of liturgies hymn books catechisms etc (local churches under name of place) under Bible when the book is a text or a paraphrase of any part of the Bible Entries are made under the first word of the title not an article of anonymous works compilations published under collective titles periodicals and year books Translations abridgments and indexes are put under the original work

Author Entries

Author entries include fuller title than under subject also series paging and Library of Congress card number

(W)

(W) Sets of Wilson catalog cards are available for all books marked with this symbol Sets average 4 to 5 cards and are obtainable either WITH or WITHOUT subject headings at the top of the card In ordering indicate type of card preferred The price is 6¢ a set

Library of Congress Cards

Numbers to be used in ordering the printed catalog cards of the Library of Congress are given at the end of the main (author) entry of each book When the card for a serial publication or a many volumed set appearing at intervals is printed as an open entry card the number is enclosed in curves ( ) Where the card number is enclosed in [ ] it indicates that the card at Library of Congress is for an edition of the book other than the one listed or is for the English edition when two numbers are given

When a book is entered before the Library of Congress card number can be procured the main entry is reentered in a succeeding issue of the Index with the order number attached

In ordering cards by these numbers the numbers should be arranged in columns in increasing order of the numbers The number of copies wanted should be indicated after the card numbers with a slanting line between e g 5 2850/4 The price of cards ordered by numbers is 3½c for the first copy and 2 4/10c for each additional copy If the order is by author and title the price of the first card is 5½c For further information apply to the Card Division of the Library of Congress Washington D C
